GREAT QUESTION BEFORE WORLD

Shall Militarism or Allied Democracy Rule the Various Peoples.

MENACE OF MAILED FIST

If Germany Wins This War, Her Oligarchy Will Destroy the World.

WASHINGTON, May 29.—Francisco Savario Nitti, former minister of agriculture and industry and commerce, and economic head of the Italian war mission, said today that the mission had come not to seek anything for Italy specifically, but to draw more closely together the two great nations and assure an allied victory.

"There is only one great question today, and that is whether German militarism or allied democracy shall survive," he said. "If Germany wins this war, her oligarchy will destroy the world. This does not mean the crushing of the German nation, but rather such a military defeat as to discredit absolutely Germany's military caste."

Menace of Mailed Fist.
"Italy did not enter this war for any particular interest. She could easily have stayed out on the basis of her treaty with Germany. The threat of world combination under the menace of the mailed fist made such a course impossible. This is Italy's last war of independence. It gives her opportunity to rectify her boundaries and to win back her lost provinces."

"Germany and Austria know they are beaten. The last hope is in the submarine or in dissension amongst the allies. She is using both to the full limit. It is essential for us all to hold together in the common cause."

Mr. Nitti declared Italy's general economic situation splendid and that he expected her to emerge from the war one of the strongest industrial nations of the world.

SEARCHING FOR CONSPIRATORS

Attempt Made to Block Operation of Army Draft Registration Law.

KANSAS CITY, Mo., May 29.—Every investigating agency of the federal government in Kansas City was assigned today to the task of learning if treasonable motives are responsible for injunction suits which are declared against the operation of the army draft registration law, which were filed in the state circuit court today. Hearing on the petition has been set for Thursday at the request of J. D. Sheveller, attorney for the petitioners, who declared his presence in the state capital was necessary tomorrow so he might prosecute suits which he declared would be called there against Governor F. D. Gardner and the state adjutant general, who, his petition asserts, "have been acting in an oppressive manner."

As a result of anti-draft agitation in this district a special United States grand jury has been called for June 6, to consider cases growing out of violations of war legislation.

TWO KILLED IN JEROME STRIKE

Men Answering Fire Alarm Are Shot Down by Unknown Assassins.

JEROME, Ariz., May 29.—Two men were killed here tonight, another was wounded probably fatally and a third was slightly wounded, when shots were fired into a group of United Verde mine employees as they rushed from the mine to the United Verde & Pacific railroad station in response to a fire alarm.

The dead: Jim, guard, 18 years old. Generoso Mayogotia, Italian, employee of the United Verde shop.

The wounded: W. N. Terry, guard, dying. Horace Garrison, watchman, shot through left leg.

The body of Evans was found half an hour after the shooting. Fifty or sixty miners, among them Robert E. Talley, superintendent of the mine, were running single file along a narrow trail leading to the depot, when a shot rang out and Mayogotia, who was near the front of the line, fell dead. He was shot through the heart.

Members of the party declared the shot came from a dark spot in the rocks not more than ten feet from the trail. The guards opened fire and shot at random when they heard the sound of persons running away.

Terry, a guard, was shot through the stomach. The railroad depot was totally destroyed by fire and a quantity of baggage was lost.

Charles W. Clark, general manager of the United Verde mine, one of the properties affected by the strike of union miners which has been in progress since Thursday night, expressed the belief the fire was incendiary.

He claimed a number of men were going to the depot shortly before the fire broke out.

Union leaders declared the fire was a "frame up."

Richmond, Va., has a woman's union labor league.

GERMANY FAR FROM DEFEAT

This Country Must Awaken to the Seriousness of Present Struggle.

NEW YORK, May 29.—Dr. David Jayne Hill, former ambassador to Germany, in an address to the trustees of the American Defense society here today, warned that Germany is far from defeat, and discounted the theory that the Hohenzollerns alone are responsible for that country's imperialistic ambitions. He asserted that the present war is a struggle of political systems.

"The people of Germany," declared Dr. Hill, "are more loyal to the emperor than the Democratic party is to President Wilson today. The president has said that we have no hostility toward the German people, but do not the German people support the imperial German government to a man? Didn't a wave of general rejoicing go through Germany when the Lusitania went down? How many Germans in Germany can you find who are not imperialistic? I have never found one."

"This," added Dr. Hill, "is going to be a different world if the central powers win the war. And it is by no means certain that they will not. Unless we conscript ourselves for this battle and lay down our wealth and our lives at the altar of the defense of our institutions we will find out descendants in the vortex of world-dominating schemes of autocracy."

Professor Albert Bushnell Hart of Harvard, in an address to members of the executive committee of the National Security league, sounded a similar warning. The danger confronting the United States is as great as that of 1776, he said, "and not one-third of the people realize it."

VOLUNTEERS ARE NOT RESPONDING

Announcement of Pershing's Expedition Has Not Brought Men to the Army.

WASHINGTON, May 29.—War department officials are pointing to the daily recruiting figures as proof anew that the volunteer system again has broken down in time of national emergency.

Yesterday's regular army recruiting brought in 2,257 men, making a total of 87,513 since April 1. Illinois was first with 300 and New York second with 295.

But army officers declare that a great drive for volunteers to fill the army and national guard to the new war strength will be necessary unless there is to be serious delay in organizing the newly authorized regiments. These, of course, are for the regular army and quite apart from the army to be raised by selective conscription.

Despite the fact that the nation is at war and American regulars are under orders for the fighting in France, less than 200,000 men have enlisted since April 1 in the regulars and national guard.

The present rate of enlistment—1200 to 1300 a day—officials say, must be increased to 10,000 or 20,000 a day if the forces which in all probability will be among the first to follow Major General Pershing's division to Europe are to go forward promptly. An appeal to the nation from the president may be necessary, to get the men.

The national guard is in even a worse situation. The present total strength of the force is less than 200,000, and raised to a war footing, as has been ordered, should total 330,000. The most striking feature in connection with the recruiting rate for the regulars, officers say, is that even the announcement that General Pershing would lead a division to France without delay, failed utterly to stimulate enlistment. The daily average recruiting has dwindled steadily.

If voluntary enlistment fails, despite the recruiting campaigns that are in prospect, the only recourse will be to fill up the regulars and national guard with men selected for military service under the draft.

SLACKERS ARE ACROSS BORDER

Going to Mexico to Escape Registration Day in the United States.

JUAREZ, Mexico, May 29.—American slacks have been seen on the streets here and have applied for places in stores and offices, offering to work for their board and room for several months to escape the selective draft, government officers say. The Americans who applied were of ages which would make them liable for military service. The matter has been reported to American civil authorities in charge of registration for the selective draft. Investigations are being made in Juarez, Chihuahua City and other Mexican cities to ascertain how many American slacks are there.

G. O. P. CANDIDATE WINS.
SHERMAN E. BURROUGHS, Republican candidate for congress from the first New Hampshire district to succeed the late Congressman Cyrus A. Sullivan, Republican, was elected today over Patrick H. Sullivan, the Democratic candidate, according to unofficial returns.

Official rights are to be extended to women in France.

U. S. DEVICE TO BLOW UP U-BOAT

Barnacle Adheres to Bottom of Submarine and Explodes at Depth.

NEW YORK, May 30.—"Holland" writes in the Wall Street Journal: "There is no doubt that the United States for the very careful statement a few days ago by William L. Saunders, in which he intimated that an apparatus had been perfected whereby the submarines could be mastered. While it is the desire of the government that details should not, at present, become known, nevertheless there is no doubt that in a short time the chief features will inevitably be revealed not only to the allies, but to Germany."

"The surmise at first was that electricity was the agent utilized in some new manner. But it is not to be electricity. Instead, it will be of near kind to electricity, for magnetism is instead to be utilized. The apparatus is now being built in large numbers. The intention is speedily to strew the sea in all zones where submarines are operating with many thousands of these little but deadly things."

"The apparatus is so built that it will almost float upon the surface. Yet it is so small that it is not likely to be detected. It requires no guidance. It operates automatically. When a submarine approaches within its influence, the apparatus will at once cling to the hull of the submarine with something like the tenacity of the devil fish. Those operating submarines are not likely to know that one of these dangerous insects of the sea is attached. The submarine is safe as long as it remains upon the surface. For the apparatus is so adjusted that not until a certain depth is reached—the average depth to which a submarine sinks—will the stupendous force within it be discharged, thereby tearing the bottom of the submarine out. That will be the end of the submarine."

"The apparatus can be made at as low a cost as \$5 for each one. Exhaustive tests appear to have persuaded those in authority that it is capable of doing exactly what its inventor—an army officer—claims for it. Therefore, it is the understanding here that already this apparatus in considerable numbers is in progress of manufacture and will, when made, be taken out upon the ocean and set free to float until at last, through its magnetic power, it attaches itself to a submarine."

"It is the belief that the apparatus will thoroughly supplement work of the destroyers and serve as an efficient ally for the American flotilla, which is now operating in the submarine zone and for the additional vessels of this type which are to be sent to this zone. One peculiarity of the apparatus is that it will not endanger any wooden ship or any steel or iron ship unless the draught be substantially the same as the depth to which the submarine sinks when submerging."

ITALIANS HOLD THEIR GROUND

Austrians Make Counter Attacks Which Are Put Down by Gun Fire.

On the southern end of the line near the head of the Gulf of Trieste in the Austro-Italian theatre, the Italians for the moment have paused in their titanic effort to push forward to Trieste and heavy fighting again is in progress to the north around Gorizia, Plava and the Vodic. East of Gorizia and on the Vodic the Austrians attempted to carry the offensive to the Italians, but the artillery fire of King Victor Emmanuel's men stopped the assaults and in the last named sector the Italians themselves delivered an attack and, notwithstanding stubborn resistance, made progress on the south-eastern slope of hill 52. Likewise in the Plava sector the Austrians were driven back and lost 100 men and many prisoners.

Around San Giovanni and Duino, at the lower end of the line, the Austrians heavily bombarded the Italians in their new positions and ineffectually tried to oust them. Both sides are claiming the capture of large numbers of prisoners since the new battle from Tolmino to the sea began. The Italians assert that they have taken 23,681 and the Austrians 14,500.

Tuesday passed with relative calm on both the British and French fronts in France. The British war office merely recording a successful raid north-west of La Esnee and the French official communication asserting that artillery fighting alone prevailed.

Following reports of an increase in the Russian artillery activity against the Austrians in the eastern theatre comes a statement that there has been a renewal of the activity of the Russo-Bulgarian forces against the Teutonic allies in Rumania and that early attacks by them are expected. The visit to Jassy, the new capital of Rumania, of M. Thomas, the French minister of munitions, and M. Kerensky, the Russian minister of war, possibly may be connected with the revival of the activity of the Russo-Bulgarian troops.

ASKS FOR INJUNCTION.
SAN FRANCISCO, May 29.—Ferdinand Claudius of Oakland, who recently attempted to prevent by legal proceedings the registration of citizens under the selective draft law on June 5, again applied to the state supreme court today for a writ of prohibition. He wants Mayor John Davis and other Oakland city officials restrained from forcing him to register.

Bethmann-Hollweg must love his country very much or he would not consent to be the goat.—Chicago Daily News.

LEGAL NOTICES

NOTICE OF INTENTION.

Notice is hereby given by the Board of Commissioners of Ogden City, Utah, of the intention of said Board of Commissioners to make the following described improvement, to-wit: To create both sides of Capitol Avenue between Harrison and Tyler Avenues, both sides of Tyler Avenue between Twenty-third and Twenty-sixth Streets, both sides of Twenty-sixth Street between Harrison and Tyler Avenues, and both sides of Harrison Avenue between Twenty-fifth and Twenty-eighth Streets as a sidewalk district and to construct therein concrete sidewalks five feet in width and four inches in thickness, to remove all trees, fences, poles, buildings, etc., where necessary, also to build culverts, irrigation, and drainage systems. The above named work to include the necessary grading therefor and all other things necessary to complete the whole in a proper manner according to plans, specifications, and profiles on file in the office of the City Engineer, and to defray the whole of the cost and expense of the abutment's portion thereof by a levy of a special tax to be assessed upon the lots or pieces of ground within the following described district, being the district to be affected or benefited by such improvement, namely: All the land lying between the outer boundary lines of said streets and a line drawn fifty feet back from and parallel to said outer boundary lines on both sides of Capitol Avenue, between Harrison and Tyler Avenues, both sides of Tyler Avenue between Twenty-third and Twenty-sixth Streets, both sides of Twenty-sixth Street between Harrison and Tyler Avenues, and both sides of Harrison Avenue between Twenty-fifth and Twenty-eighth Streets, being Lots 5, 8, 9, and 10, Block 21, Plat "C"; Lots 1 to 4 inclusive and 7 to 10 inclusive, Block 28, Plat "C"; Lots 1 to 10 inclusive, Block 29, Plat "C"; Lots 1, 7, 8, 9, and 10, Block 36, Plat "C"; Lot 6, Block 69, Plat "C"; Lots 1 to 6 inclusive, Block 2, Robinson's Subdivision of Block 70 and the South one-half of Block 69, Plat "C"; Lots 1 to 12 inclusive, Block 1, Robinson's Subdivision of Block 70, and the South one-half of Block 69, Plat "C"; Lots 1 and 16, Block 1, Steven's Subdivision of Lots 3, 4, 5, 6, and 7, Block 71, Plat "C"; Lots 1 and 10, Block 2, Steven's Subdivision of Lots 3, 4, 5, 6, 8, and 9, Block 71, Plat "C"; Lots 1, 2, 18, 19, 20, 21, and 22, Anita Lander Subdivision of Lots 5 and 6, Block 28, Plat "C"; Lot 1 to 6 inclusive and Lot 10, 11 and 12, Wallace Subdivision of Lots 6 and 7, Block 21, Plat "C"; Lots 1, 2, 51 and 52, Block 3, Highland Addition; Lots 1, 2, 51 and 52, Block 4, Highland Addition; Lots 1 and 10, Block 1, Brinker and Hochstetler's Subdivision of the East one-half of Block 27, Plat "C"; Lots 1 and 16, Block 2, Brinker and Hochstetler's Subdivision of the East one-half of Block 27, Plat "C"; Lots 27 to 52 inclusive, Richell's Subdivision of the East one-half of Block 22, Plat "C"; and Lots 27 to 52 inclusive, Block 1, Massa's Subdivision of Block 18, Plat "C," all in Ogden City Survey.

The total cost of said improvement is estimated at \$12,500.00.

All protests or objections to such improvement or to the carrying out of such intention must be presented in writing signed by the owners of abutting property describing the same together with the number of abutting lots and be filed with the City Recorder on or before the 15th day of June, 1917.

The Board of Commissioners at its first regular meeting thereafter, to-wit, the 15th day of June, 1917, will consider the proposed levy and hear and consider such protests or objections to said improvement as shall have been made.

By order of the Board of Commissioners of Ogden City, Utah.

Dated May 16, 1917.

WALTER RICHEY, City Recorder.

NOTICE.

Sealed bids will be received by the Board of Education of Ogden City, at its offices in the Colonel Hudson Building, until 8 o'clock P. M. Friday, June 1, 1917, for the following:

1.—For the enlargement and remodeling of a public school building on 28th Street between Washington and Adams Avenues.

2.—For the installation of a steam heating system in said building.

3.—For the installation of a plumbing system in said building.

Drawings and specifications may be obtained upon application to the architects, Woods and Jensen.

Bids for the general construction, heating and plumbing to be separate, and each accompanied by a certified check in the amount of 5 per cent of the bid; the checks of the successful bidders shall be forfeited in the event that they fail or refuse to enter into the necessary contract with the said Board and furnish a bond in accordance with the state law.

Each contract to contain, among other things, a stipulation that at least twenty per cent of the contract price may be withheld until said work is completed and accepted by the Architect and the Board.

Said Board reserves the right to reject any or all proposals.

By order of the Board of Education of Ogden City, Utah.

H. RILEY, President.
